1.) We spent 40 hours+ working together
2.) - Babajide Babatope : 20 hours +
            Finished up the implementation of GUI
   - Aziza Magerramova: 20 hours +
   - Christian Michael: 20 hours +
    Aziza and Michael finished rules engine implementation for iteration 1. We also
    implemented updating the GUI at every scenario.
    Michael finished up the networking testing for iteration 1.
    We are still working on action cards

3.) Yes, all team members have contributed more or less equally.
